## TERMS OF SALE

**All bids by mail.** We have over 3,000 customers who are interested in these sales. They live in every state of the union, and in some foreign countries. They can not all come to Freeport in person each month to attend an auction. In fact, not one per cent of them could do so. In fairness to those who live at a distance, and cannot attend a sale in person, we request all bids to be sent in advance of the sale, by mail.

**Coins will be bought below your bids** where other offers permit, as this is competitive bidding, executed in good faith.

Where two or more bids are exactly the same on any lot, or tied, the lot is sold to the first bid received at exactly his bid.

**No unlimited bids** will be accepted from anyone, at this sale. Mark your highest limit or bid on the bid sheet, and we will buy as much under this price, as other actual bids permit. **Get your bids in before the date of sale.** Don't wait until the last minute. Help us with our work and we will help you get something.

The usual charge of 5% will be made for executing your bids. No charge is made on anything not actually purchased. Postage and express is paid by the purchaser.

Receipted bills are not sent out after your remittance as this is unnecessary. **Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.**

**Be certain that you bid on the lot you wish to buy.** We will correct errors and adjust claims, but you should not expect us to pay for **your mistakes. Be careful** in making your bids. Be sure that you bid on the lot you wish to buy, and **at so much per piece.**

**Bids must reach me by the morning of the sale.** Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

The price lists have to be set up and printed after the sale, and are mailed first class, usually about 15 days after the sale date.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative by the collecting public.

**It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values.** It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made

upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

**The terms are prompt cash settlement after sale,** and no time given. Collectors who are not certain that they can pay promptly, are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

**Remit by money order, draft, check,** or in any way most convenient. **Stamps accepted for accounts that are below one dollar only.**

All coins and other items are guaranteed genuine, unless otherwise stated.

**Please bid by the piece unless stated to bid for the lot.** Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. **At each sale someone bids by the lot. Don't do this—bid by the piece. Exception—where stated to bid for lot.**

**NOTE—A printed list of all the prices realized at this sale will be sent for fifty cents (50c). Send coin or stamps with your bids so as to reserve a price list, or if you prefer, we will add the cost to your bill of items purchased for you at this sale. Keep posted on coin values as they are today, and order a price list in advance of the sale. After the sale they cost \$1. Before, they are 50 cents.**

## UNITED STATES SILVER DOLLARS

Note.—The early silver dollars from 1794 to 1803 can now be quickly and correctly attributed as to die variety, by using Mr. Bolender's new book just published on this phase of coin collecting. This book is a "must" for the collector of U.S. coins. For a more detailed description of this book see the back pages of this catalogue. The Bolender numbers here given correspond to Haseltine's.

## COIN COLLECTORS' COLUMN OF COMMENTS

**Thank you** very much, first of all, for the wonderful patronage and kind co-operation at the last sale Feb. 25th. Over 600 bid sheets were received, and we appreciate the fact that most collectors did what we asked of them, and mailed their bid sheets early, to avoid the last day rush. I also want to thank all the buyers who wrote to me after the sale expressing their appreciation and satisfaction of the condition of the coins they received. Because there were so many, I can print only a few of their comments this time.

From California — "I wish to tell you that I was extremely satisfied with the grading. It is truly gratifying to occasionally find a dealer that is exacting in his grading".

From Virginia — "You are the only person engaged in the business of numismatics who has my complete trust and respect. I am looking forward to your next sale, as they are really eventful."

From Tennessee — "I have bought coins from you for years and I am well pleased with every coin I ever bought from you. Thanks for your kindness and fair dealing."

From New York — "I find that the condition of the coins was exactly as stated in your catalogue, and so were the die variety attributions."

From Pittsburgh — "Many thanks, its' a beauty!"

From Illinois — "The 1798 half-eagle is certainly a beautiful coin, and I am indeed glad that my bid was successful."

From New York — "I do not recall of ever receiving a coin from any of your auctions that did not meet with my own ideas of classification."

From Montreal — "I am delighted with my purchase. Only sorry that I was apparently too low on my other bids."

From Washington state — "The coins from the sale are all very nice and everything that you said they were."

From Virginia — "I know I can rely on your opinions as I have relied on your honest and conservative judging of the items in your sales for a great number of years. That is what inspires confidence, and you have commanded many, many collectors' complete confidence and respect. I am also very grateful to you for securing many of these for me at prices lower than my bids."

From San Diego — "I am very pleased with the coins received. My collection must be A-1 only."

From Colorado — "I am very pleased with the coins. They are surely as good as you described them, and in fact I believe they are better. You are very conservative in your classification."

From Michigan — "I am pleased with the coins, and would like to have more of them."

From Texas — "Condition above expectations. Next time I will bid higher to get more items."

From Brooklyn — "Such courtesy is of the old school, rare indeed in these hurried days, and I assure you, it does not pass unnoticed."

From Seattle — "I was so thrilled to get the old books, and I would have bid on some more if I had known that I would get them for so much less than I bid."

From Florida — "Thanks for the wonderful merchandise."

From New York — "You, Mr. Bolender, are one of my favorite cataloguers. To date your statement of condition has been conservative and my dealings with you most satisfactory. Keep up the good work. There are only a handful of reliable cataloguers left."

**The Sellers Were Just as Pleased as the Buyers.** Here is what the five largest consignors of the sale have to say:

Consignor No. 1 — "I was very pleasantly surprised. It was a good sale and we both want to thank you so much for what you have done for us."

Consignor No. 2 — "Thanks a lot! I think we did pretty good."

Consignor No. 3 — "I wish to thank you for your efforts to obtain the best possible prices for me. I hope that I will be able to do more business with you in the near future."

Consignor No. 4 — "I was very much pleased with the prices realized from this sale. The best results I have had in selling in 15 years."

Consignor No. 5 — "I received your check today but did not expect it so soon. I sincerely thank you for getting so much for me for my collection."

**As a rule everyone was happy.** And after reading the above unsolicited testimonials, you would think so. But most good rules have exceptions. And we had a few that were not so happy. One new bidder gave as reference the name of a bank that does not exist. Another new bidder, unknown to us, wanted \$100 worth of coins before paying his auction account. The sale terms call for payment before delivery of coins, where no credit reference has been established. Another irresponsible person would not take up and pay for the 1861 cent brilliant uncirculated that he bid in, but wrote that he wanted to see the coin first. I have handled and sold hundreds of these in my 43 years and ought to know, and prefer to sell to those who believe that I do know if a coin is brilliant uncirculated. Another collector insisted that the 1845 half-dollar, O mint, double-cut date, was a die break and not the double-cut date, and was disrespectful of my opinion, and an irresponsible person who would not take up his lot. He is the loser in several ways. The coin was a splendid specimen, and one of the finest I have had in 43 years, and after having cracked the dies for my book on dollars, I believe I know this easy one.

**We do not recommend cellophane envelopes for coins.** The material deteriorates and becomes brittle in time, and discolors coins. Besides, coins look better not covered. We have bought several collections that were in these envelopes, and we do not like it. If you want clear envelopes, buy the heavier acetate envelopes for coins. We prefer coin cabinets, and trays, and individual blocks or boxes for coins. Staples are bad to use with coins, and so unnecessary. Rubber bands are bad. Laquer is bad. Gummed tape is not advised. Cleaning should be done sparingly and with experience.

**It can't be done.** Some collectors bidding for the first time at my sales seem to manage to get their bid sheet to me the morning of the sale, giving their bank reference but no deposit. This is too late to allow

time to look up the reference, and the bids can not be entered. Some other bidders unknown to me give A.N.A. or other club membership as their reference of good standing. This can not be considered as a credit reference. The name of your bank or of some other coin dealer from whom you have had coins on open account, is a suitable reference.

**Are you among the fortunate?** If you have a collection of early large cents in choice condition, you can be counted among the lucky and wealthier than you were. There is a big rise in the prices of the early dates when in choice condition, largely the result of the recent appearance of Dr. William Sheldon's splendid book entitled *EARLY AMERICAN CENTS*. In my 177th sale a 1793 cent, chain AMERI, Crosby 1-A in very fine condition sold at \$260. Another 1793 cent, wreath type, Crosby 9-G extremely fine sold at \$165. An uncirculated cent of 1797 sold at \$120. And the fine 1799 cent in this last sale of ours sold for \$190. Dozens of others brought new record prices. There is much to say for Dr. Sheldon's book, and it is all good. If you do not have a copy get one.

**Some other prices at the last sale.** Lot 16 Alexander the Great gold stater, ex. fine \$67.50. Lot 121 Flying eagle dollar of 1836 brill. proof sold at \$136. Lot 205 silver dollar of 1895 brill. proof sold at \$90. Lot 228 silver dollar of 1921 proof sold at \$45. Lot 234 half-dollar of 1794 very fine sold at \$56. Lot 470 dime of 1796 unc. sold at \$105. Lot 609 two-cents of 1873 proof sold at \$43.50. Lot 2027 St. Gaudens \$20 gold of 1907 with Roman numerals unc. sold at \$105.

**If you want to sell** your collection, write and tell me, giving a brief outline of what you have.

**If you want to buy**, send in your bid sheet. Thank you!
